Improving Quality of Life through Technology

So:

- they take real ownership of their island
- this also means taking care of
- the environmental conditions
- for a better quality of life

Waste Problem

Transport

- bicycle
- walking
- excellent bus transport, efficient, cheap, clean

Urban Life

- pleasant place to live, work, shop, recreate
- people read and write, practise arts, recreate without disturbance by noise annoyance
- clean air
- well designed houses and buildings

WOW

- to get to this way of life
- their ancestors really must have had a far-reaching mind!
